

HHitech Water Purification System

Series	Model No.	Description	Standard Configuration
Basic Series			
Basic-RO: Water Purification System (Tap Water -> RO Pure Water)			
	Basic-RO15	Reverse osmosis water purification system (Tap water)	Main body + accessory pack
	Basic-RO30	Reverse osmosis water purification system (Tap water)	Main body + accessory pack
	Basic-RO45	Reverse osmosis water purification system (Tap water)	Main body + accessory pack
	Basic-RO15-IT	Reverse osmosis water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack
	Basic-RO30-IT	Reverse osmosis water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack
	Basic-RO45-IT	Reverse osmosis water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack
Basic-Q: Deionization Water Purification System (Tap Water -> RO Pure Water & Type II DI Pure Water)			
	Basic-Q15	Deionization water purification system (Tap water)	Main body + accessory pack
	Basic-Q30	Deionization water purification system (Tap water)	Main body + accessory pack
	Basic-Q45	Deionization water purification system (Tap water)	Main body + accessory pack
	Basic-Q15-IT	Deionization water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack
	Basic-Q30-IT	Deionization water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack

HHitech Water Purification System

Smart Series

Smart-RO: Water Purification System (Tap Water -> RO Pure Water)

	Smart-RO15	Reverse osmosis water purification system (Tap water)	Main body + 15L external pressure tank + TDS pen + accessory pack
	Smart-RO30	Reverse osmosis water purification system (Tap water)	Main body + 15L external pressure tank + TDS pen + accessory pack
NEW!	Smart-RO45	Reverse osmosis water system (Tap water)	Main body + TDS pen + accessory pack

Smart-Q: Deionization Water Purification System (Tap Water -> RO Pure Water & Type II DI Pure Water)

	Smart-Q15	Deionization water purification system (Tap water)	Main body + 15L external pressure tank + TDS pen + accessory pack
	Smart-Q15UT	Deionization water purification system (Tap water)	Main body + 15L external pressure tank + TDS pen + accessory pack
	Smart-Q30	Deionization water purification system (Tap water)	Main body + 15L external pressure tank + TDS pen + accessory pack
	Smart-Q30UT	Deionization water purification system (Tap water)	Main body + 15L external pressure tank + TDS pen + accessory pack

Smart-S: Ultrapure Water Purification System (Tap Water -> RO Pure Water & Type I Ultrapure Water)

	Smart-S15	Ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + TDS pen + accessory pack
	Smart-S15UF	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + TDS pen + accessory pack
	Smart-S15UV	Low TOC ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + TDS pen + accessory pack
	Smart-S15UVF	Comprehensive ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + TDS pen + accessory pack
	Smart-S30	Ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + TDS pen + accessory pack
	Smart-S30UF	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + TDS pen + accessory pack
	Smart-S30UV	Low TOC ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + TDS pen + accessory pack
	Smart-S30UVF	Comprehensive ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + TDS pen + accessory pack

Smart-D: Deionization / Ultrapure Water Purification System (Distilled/RO Water -> Type II DI Pure Water & Type I Ultrapure Water)

	Smart-D	Ultrapure water purification system (Distilled/RO water supply)	Main body + TDS pen + accessory pack
	Smart-DUF	Eliminating endotoxin ultrapure water purification system (Distilled/RO water supply)	Main body + TDS pen + accessory pack
	Smart-DUV	Low TOC ultrapure water purification system (Distilled/RO water supply)	Main body + TDS pen + accessory pack
	Smart-DUVF	Comprehensive ultrapure water purification system (Distilled/RO water supply)	Main body + TDS pen + accessory pack

HHitech Water Purification System

Eco Series

ECO-Q: Deionization Water Purification System (Tap Water -> RO Pure Water & Type II DI Pure Water)

ECO-Q15	Deionization water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack
ECO-Q15UT	Deionization water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack
ECO-Q30	Deionization water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack
ECO-Q30UT	Deionization water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack

ECO-S: Ultrapure Water Purification System (Tap Water -> RO Pure Water & Type I Ultrapure Water)

ECO-S15	Ultrapure water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack
ECO-S15UF	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack
ECO-S15UV	Low TOC ultrapure water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack
ECO-S15UVF	Comprehensive ultrapure water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack
ECO-S30	Ultrapure water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack
ECO-S30UF	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack
ECO-S30UV	Low TOC ultrapure water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack
ECO-S30UVF	Comprehensive ultrapure water purification system (Tap water)	Main body with built-in 12L pressure tank + accessory pack

HHitech Water Purification System

Master Touch Series

Master Touch-Q: Deionization Water Purification System (Tap Water -> RO Pure Water & Type II DI Pure Water)

MasterTouch-Q15	Deionization water purification system (Tap water)	Main body + 15L external pressure tank + accessory pack
MasterTouch-Q15UT	Deionization water purification system (Tap water)	Main body + 15L external pressure tank + accessory pack
MasterTouch-Q30	Deionization water purification system (Tap water)	Main body + 15L external pressure tank + accessory pack
MasterTouch-Q30UT	Deionization water purification system (Tap water)	Main body + 15L external pressure tank + accessory pack

Master Touch-S: Ultrapure Water Purification System (Tap Water -> RO Pure Water & Type I Ultrapure Water)

MasterTouch-S15	Ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + accessory pack
MasterTouch-S15UF	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + accessory pack
MasterTouch-S15UV	Low TOC ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + accessory pack
MasterTouch-S15UVF	Comprehensive ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + accessory pack
MasterTouch-S30	Ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + accessory pack
MasterTouch-S30UF	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + accessory pack
MasterTouch-S30UV	Low TOC ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + accessory pack
MasterTouch-S30UVF	Comprehensive ultrapure water purification system (Tap water)	Main body + 15L external pressure tank + accessory pack

Master Touch-D: Deionization / Ultrapure Water Purification System (Distilled/RO Water -> Type II DI Pure Water & Type I Ultrapure Water)

MasterTouch-D	Basic ultrapure water purification system (Distilled/RO water supply)	Main body + accessory pack
MasterTouch-DUF	Eliminating endotoxin ultrapure water purification system (Distilled/RO water supply)	Main body + accessory pack
MasterTouch-DUV	Low TOC ultrapure water purification system (Distilled/RO water supply)	Main body + accessory pack
MasterTouch-DUVF	Comprehensive ultrapure water purification system (Distilled/RO water supply)	Main body + accessory pack

Master Evo Series

Master Evo-S: Ultrapure Water Purification System with INTEGRATED DISPENSER (Tap Water -> RO Pure Water & Type I Ultrapure Water)

MasterEvo-S45	Ultrapure water purification system (Tap water)	Main body with integrated water dispenser + accessory pack
MasterEvo-S45UF	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with integrated water dispenser + accessory pack
MasterEvo-S45UV	Low TOC ultrapure water purification system (Tap water)	Main body with integrated water dispenser + accessory pack
MasterEvo-S45UVF	Comprehensive ultrapure water purification system (Tap water)	Main body with integrated water dispenser + accessory pack

HHitech Water Purification System

Dura Series

Dura: Deionization / Ultrapure Water Purification System (Distilled/RO Water -> Type II DI Pure Water & Type I Ultrapure Water)

Dura	Basic ultrapure water purification system (Distilled/RO water supply)	Main body + accessory pack
DuraF	Eliminating endotoxin ultrapure water purification system (Distilled/RO water supply)	Main body + accessory pack
DuraV	Low TOC ultrapure water purification system(Distilled/RO water supply)	Main body + accessory pack
DuraFV	Comprehensive ultrapure water purification system (Distilled/RO water supply)	Main body + accessory pack

Dura 12/24: Double Stage RO / Ultrapure Water Purification System (Tap Water -> Type III RO Pure Water & Type I Ultrapure Water)

Dura12	Ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack
Dura12F	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack
Dura12V	Low TOC ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack
Dura12FV	Comprehensive ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack
Dura24	Ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack
Dura24F	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack
Dura24V	Low TOC ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack
Dura24FV	Comprehensive ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack

HHitech Water Purification System

Dura Touch Series

Dura Touch: Double Stage RO / Ultrapure Water Purification System with Touchscreen (Tap Water -> Type III RO Pure Water & Type I Ultrapure Water)

DuraTouch12	Ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack
DuraTouch12F	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack
DuraTouch12V	Low TOC ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack
DuraTouch12FV	Comprehensive ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack
DuraTouch24	Ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack
DuraTouch24F	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack
DuraTouch24V	Low TOC ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack
DuraTouch24FV	Comprehensive ultrapure water purification system (Tap water)	Main body with 2 built-in 12L pressure tanks + accessory pack

Dura Pro Series

Dura Pro: Double Stage RO / Deionization / Ultrapure Water Purification System with separate DISPENSER (Tap Water -> Type III RO Pure Water, Type II DI Pure Water & Type I Ultrapure Water)

DuraPro12	Ultrapure water purification system (Tap water)	Main body + 50L ultrapure water tank + Remote portable dispenser + accessory pack
DuraPro12F	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body + 50L ultrapure water tank + Remote portable dispenser + accessory pack
DuraPro12V	Low TOC ultrapure water purification system (Tap water)	Main body + 50L ultrapure water tank + Remote portable dispenser + accessory pack
DuraPro12FV	Comprehensive ultrapure water purification system (Tap water)	Main body + 50L ultrapure water tank + Remote portable dispenser + accessory pack
DuraPro24	Ultrapure water purification system (Tap water)	Main body + 50L ultrapure water tank + Remote portable dispenser + accessory pack
DuraPro24F	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body + 50L ultrapure water tank + Remote portable dispenser + accessory pack
DuraPro24V	Low TOC ultrapure water purification system (Tap water)	Main body + 50L ultrapure water tank + Remote portable dispenser + accessory pack
DuraPro24FV	Comprehensive ultrapure water purification system (Tap water)	Main body + 50L ultrapure water tank + Remote portable dispenser + accessory pack

HHitech Water Purification System

Super Series

Super: Double Stage RO / EDI / Ultrapure Water Purification System (Tap Water -> Type III RO Pure Water, Type II EDI Pure Water & Type I Ultrapure Water)

Super10	Ultrapure water purification system (Tap water)	Main body + 50L Ultrapure water tank + accessory pack
Super10F	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body + 50L Ultrapure water tank + accessory pack
Super10V	Low TOC ultrapure water purification system (Tap water)	Main body + 50L Ultrapure water tank + accessory pack
Super10FV	Comprehensive ultrapure water purification system (Tap water)	Main body + 50L Ultrapure water tank + accessory pack
SuperTOC10V	Low TOC ultrapure water purification system (Tap water)	Main body + 50L Ultrapure water tank + accessory pack
SuperTOC10FV	Comprehensive ultrapure water purification system (Tap water)	Main body + 50L Ultrapure water tank + accessory pack

EDI Series

Edi-Q: Electrodeionization Water Purification System with Ionpure® EDI-Module (Tap Water -> RO Pure Water & Type II EDI Pure Water)

EdiQ10	Deionization water purification system (Tap water)	Main body + 20L PE tank + accessory pack
EdiQ10UT	Deionization water purification system (Tap water)	Main body + 20L PE tank + accessory pack

Edi-S: Electrodeionization Ultrapure Water Purification System with Ionpure® EDI-Module (Tap Water -> Type II EDI Pure Water & Type I Ultrapure Water)

EdiS10	Ultrapure water purification system (Tap water)	Main body + 20L PE tank + accessory pack
EdiS10UF	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body + 20L PE tank + accessory pack
EdiS10UV	Low TOC ultrapure water purification system (Tap water)	Main body + 20L PE tank + accessory pack
EdiS10UVF	Comprehensive ultrapure water purification system (Tap water)	Main body + 20L PE tank + accessory pack

HHitech Water Purification System

Medium Series

Medium-RO: Water Purification System (Tap Water -> RO Pure Water)

MediumRO300	Reverse osmosis water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumRO400	Reverse osmosis water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumRO600	Reverse osmosis water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumRO800	Reverse osmosis water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack

Medium-Q: Deionization Water Purification System (Tap Water -> RO Pure Water & Type II DI Pure Water)

MediumQ300	Deionization water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumQ400	Deionization water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumQ600	Deionization water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumQ800	Deionization water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack

Medium-S: Ultrapure Water Purification System (Tap Water -> RO Pure Water & Type I Ultrapure Water)

MediumS300	Ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumS300UF	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumS300UV	Low TOC ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumS300UVF	Comprehensive ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumS400	Ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumS400UF	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumS400UV	Low TOC ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumS400UVF	Comprehensive ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumS600	Ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumS600UF	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumS600UV	Low TOC ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumS600UVF	Comprehensive ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumS800	Ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumS800UF	Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumS800UV	Low TOC ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack
MediumS800UVF	Comprehensive ultrapure water purification system (Tap water)	Main body with 2 built-in 15L tanks + accessory pack

HHitech Water Purification System

Medium-1600: High Capacity Water Purification System

Medium1600RO	Reverse osmosis water purification system (Tap water)	Main body + accessory pack
Medium1600Q	Deionized water purification system (Tap water)	Main body + accessory pack
Medium1600S	Ultrapure water purification system (Standard type)	Main body + accessory pack

Medium Touch-1600: High Capacity Water Purification System with Touch Screen

MediumTouch1600Q	Deionization water purification system (Tap water)	Main body + accessory pack
MediumTouch1600S	Ultrapure water purification system (Standard type)	Main body + accessory pack

Medium-RO: Double Stage RO Water Purification System (Tap Water -> Type III RO Pure Water)

MediumRO30	Double-stage RO water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRO45	Double-stage RO water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRO60	Double-stage RO water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRO90	Double-stage RO water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack

Medium-RQ: Double Stage RO / Deionization Water Purification System (Tap Water -> Type III RO Pure Water & Type II DI Pure Water)

MediumRQ30	Double-stage RO & deionization water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRQ45	Double-stage RO & deionization water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRQ60	Double-stage RO & deionization water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRQ90	Double-stage RO & deionization water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack

HHitech Water Purification System

Medium-RS: Double Stage RO / Ultrapure Water Purification System (Tap Water -> Type III RO Pure Water & Type I Ultrapure Water)

MediumRS30	Double-stage RO & ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRS30UF	Double-stage RO & eliminating endotoxin ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRS30UV	Double-stage RO & low TOC ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRS30UVF	Double-stage RO & comprehensive ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRS45	Double-stage RO & ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRS45UF	Double-stage RO & eliminating endotoxin ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRS45UV	Double-stage RO & low TOC ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRS45UVF	Double-stage RO & comprehensive ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRS60	Double-stage RO & ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRS60UF	Double-stage RO & eliminating endotoxin ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRS60UV	Double-stage RO & low TOC ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRS60UVF	Double-stage RO & comprehensive ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRS90	Double-stage RO & ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRS90UF	Double-stage RO & eliminating endotoxin ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRS90UV	Double-stage RO & low TOC ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack
MediumRS90UVF	Double-stage RO & comprehensive ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 15L pressured) + accessory pack

HHitech Water Purification System

Center Series

Center D: Double Stage RO / Deionization Water Purification System (Tap Water -> Type III RO Pure Water & Type II DI Pure Water)

Center45D	Double-stage RO & deionization water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 20L pressured) + accessory pack
Center60D	Double-stage RO & deionization water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 20L pressured) + accessory pack
Center90D	Double-stage RO & deionization water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 20L pressured) + accessory pack

Center: Double Stage RO / Ultrapure Water Purification System (Tap Water -> Type III RO Pure Water & Type I Ultrapure Water)

Center45	Double-stage RO & Ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 20L pressured) + accessory pack
Center60	Double-stage RO & Ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 20L pressured) + accessory pack
Center90	Double-stage RO & Ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 20L pressured) + accessory pack
Center45F	Double-stage RO & Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 20L pressured) + accessory pack
Center60F	Double-stage RO & Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 20L pressured) + accessory pack
Center90F	Double-stage RO & Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 20L pressured) + accessory pack
Center45V	Double-stage RO & Low TOC ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 20L pressured) + accessory pack
Center60V	Double-stage RO & Low TOC ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 20L pressured) + accessory pack
Center90V	Double-stage RO & Low TOC ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 20L pressured) + accessory pack
Center45FV	Double-stage RO & Comprehensive ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 20L pressured) + accessory pack
Center60FV	Double-stage RO & Comprehensive ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 20L pressured) + accessory pack
Center90FV	Double-stage RO & Comprehensive ultrapure water purification system (Tap water)	Main body with 2 built-in tanks (20L PE + 20L pressured) + accessory pack

HHitech Water Purification System

Center EDI D: Double Stage RO / Electrodeionization Water Purification System (Tap Water -> Type III RO Pure Water & Type II EDI Pure Water)

CenterEDI45D	Double-stage RO & Electrodeionization water purification system (Tap water)	Main body with built-in 20L PE tank + accessory pack
CenterEDI60D	Double-stage RO & Electrodeionization water purification system (Tap water)	Main body with built-in 20L PE tank + accessory pack
CenterEDI90D	Double-stage RO & Electrodeionization water purification system (Tap water)	Main body with built-in 20L PE tank + accessory pack

Center EDI: Double Stage RO / Electrodeionization / Ultrapure Water Purification System (Tap Water -> Type III RO Pure Water & Type II EDI Pure Water & Type I Ultrapure Water)

CenterEDI45	Double-stage RO & Ultrapure water purification system (Tap water)	Main body with built-in 20L PE tank + accessory pack
CenterEDI60	Double-stage RO & Ultrapure water purification system (Tap water)	Main body with built-in 20L PE tank + accessory pack
CenterEDI90	Double-stage RO & Ultrapure water purification system (Tap water)	Main body with built-in 20L PE tank + accessory pack
CenterEDI45F	Double-stage RO & Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with built-in 20L PE tank + accessory pack
CenterEDI60F	Double-stage RO & Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with built-in 20L PE tank + accessory pack
CenterEDI90F	Double-stage RO & Eliminating endotoxin ultrapure water purification system (Tap water)	Main body with built-in 20L PE tank + accessory pack
CenterEDI45V	Double-stage RO & Low TOC ultrapure water purification system (Tap water)	Main body with built-in 20L PE tank + accessory pack
CenterEDI60V	Double-stage RO & Low TOC ultrapure water purification system (Tap water)	Main body with built-in 20L PE tank + accessory pack
CenterEDI90V	Double-stage RO & Low TOC ultrapure water purification system (Tap water)	Main body with built-in 20L PE tank + accessory pack
CenterEDI45FV	Double-stage RO & Comprehensive ultrapure water purification system (Tap water)	Main body with built-in 20L PE tank + accessory pack
CenterEDI60FV	Double-stage RO & Comprehensive ultrapure water purification system (Tap water)	Main body with built-in 20L PE tank + accessory pack

HHitech Water Purification System

Central Series

Central RO: RO Water Purification Center (Tap/Ground Water -> RO Pure Water)

CentralRO250	RO Water purification center (Tap water or ground water)	Integrated pretreatment, reverse osmosis, 250L stainless steel tank, pure water supplying and circulation system Flow procedure: QZ+AC+SI+MF+RO, Capacity: 250L/ H
CentralRO500	RO Water purification center (Tap water or ground water)	Integrated pretreatment, reverse osmosis, 250L stainless steel tank, pure water supplying and circulation system Flow procedure: QZ+AC+SI+MF+RO, Capacity: 500L/ H

Central RD: RO / Deionization Water Purification Center (Tap/Ground Water -> RO Pure Water & Type II DI Pure Water)

CentralRD250	RO & Deionization water purification center (Tap water or ground water)	Integrated pretreatment, reverse osmosis, 250L stainless steel tank, pure water supplying and circulation system together Flow procedure: QZ+AC+SI+MF+RO+DI, Capacity: 250L/ H
CentralRD500	RO & Deionization water purification center (Tap water or ground water)	Integrated pretreatment, reverse osmosis, 250L stainless steel tank, pure water supplying and circulation system together Flow procedure: QZ+AC+SI+MF+RO+DI, Capacity: 500L/ H

Central R2: Double Stage RO Water Purification Center (Tap/Ground Water -> Type III RO Pure Water)

CentralR2-250-AS	Double stage RO water purification center (Tap water or ground water)	Integrated pretreatment, double stage reverse osmosis, 150L stainless steel RO tank, 280L stainless steel EDI water tank, pure water supplying and circulation system Flow procedure: QZ+AC+SI+MF+RO+RO, Capacity: 250L/H
Central R2-500-AS	Double stage RO water purification center (Tap water or ground water)	Integrated pretreatment, double stage reverse osmosis, 150L stainless steel RO tank, 280L stainless steel EDI water tank, pure water supplying and circulation system Flow procedure: QZ+AC+SI+MF+RO+RO, Capacity: 500L/H

Central R2: Double Stage RO Water Purification Center (Tap/Ground Water -> Type III RO Pure Water & Type II EDI Pure Water)

Central R2E-250-AS	Double stage RO & Electrodeionization water purification center (Tap water or ground water)	Integrated pretreatment, double stage reverse osmosis, 150L stainless steel RO tank, 280L stainless steel EDI water tank, pure water supplying and circulation system Flow procedure: QZ+AC+SI+MF+RO+RO+EDI, Capacity: 250L/H
Central R2E-500-AS	Double stage RO & Electrodeionization water purification center (Tap water or ground water)	Integrated pretreatment, double stage reverse osmosis, 150L stainless steel RO tank, 280L stainless steel EDI water tank, pure water supplying and circulation system Flow procedure: QZ+AC+SI+MF+RO+RO+EDI, Capacity: 500L/H

HHitech Water Purification System

PWS: Pure Water Supply System

PWSI-T100R-P12-3G	Pure water supply system	100L tank (column shape) with 12L/min flowrate (rated stop pressure: 0.45 Mpa ± 0.04 Mpa) + 12L buffer tank etc.
PWSII-T200S-4008	Pure water supply system	200L tank (cube shape) with 70L/min flow rate (rated stop pressure: 0.3 Mpa ± 0.04 Mpa) etc.

Extention Parts of Water Purification System

HT-EP	Main body extension part	-
PF-10T-PRK	Optional: 10" triple filter (with PP+DI+KDF)	10" spun fiber PP filter, 10" DI water softener filter, 10" KDF filter
PTC-MBR-12L	Optional: 12L mixed bed resin cartridge	Lifetime: about 20000L pure water
TANK-P-15L	Optional: 15L plastic pressure tank	To store RO water, capacity: 15L
DG-PTFE	Optional: PTFE water dispenser	Material of dispenser: PTFE, including PFA extension tube (1/4"3M)
DG-PP	Optional: PP dispenser	Material of dispenser: PP, including PPextension tube (1/4"3M)
ORM-P	Optional: Portable on-line resistivity meter	Dry cell design or external power supply, to measure on-line resistivity

R-DIS pure water remote dispenser

R-DIS	Pure water remote dispenser (Independent monitoring)	With independent flow, resistivity sensor etc. monitoring function
R-DIS-I	Pure water remote dispenser (Type I)	Only match our Touch series, including base, bracket and dispense arm
R-DIS-II	Pure water remote dispenser (Type II)	Only match our Touch series, including dispense arm, but no base and bracket

Series	Item No.	Description	Service Lifetime / Function
Consumables			
Basic series consumables			
	PC-10PP	10" PP spun fiber cartridge	About 2-6 months
	PC-10AC-G	10" granular activated carbon cartridge	About 4-6 months
	PC-10AC-B	10" activated carbon block cartridge	About 4-6 months
	RO-100GPD	100 GPD RO membrane	About 12-24 months
	RO-200GPD	200 GPD RO membrane	About 12-24 months
	RO-300GPD	300 GPD RO membrane	About 12-24 months*
	PTC-MBR-DW	Mixed bed resin cartridge	About 1000 liters pure water/ pc
	PTC-MBR-7.7L	7.7L mixed bed resin cartridge	About 16000 liters pure water/ pc
Smart series consumables (Biochemical analyzer supporting RO DI series)			
	PC-M-PP	5 µm PP spun fiber cartridge	About 2-6 months
	PC-PP-ZK	Special spun fiber cartridge	About 2-6 months
	PC-AC-B-ZK	Special activated carbon block cartridge	About 4-6 months
	PTC-AC-HZS1	Low organic carbon cartridge	About 6800 liters pure water
	RO-100GPD	100 GPD RO membrane	About 12-24 months
	RO-200GPD	200 GPD RO membrane	About 12-24 months
	PTC-MBR-K	Mixed bed resin cartridge	About 1000 liters pure water/ pc
	PTC-UPPR-K	Ultrapure polishing resin cartridge	About 1000 liters pure water/ pc
	TF-(0.45+0.1)µm-S	0.45+0.1 µm terminal filter	-
	UF-5000D	MWCO 5000D UF cartridge	-
	UV-(185nm&254nm)-10W-K	185 & 254 nm Double wavelength UV cartridge	-
	LAMP-(185nm&254nm)-10W-K	185 & 254 nm Double wavelength UV lamp	About 9000 hours
	UV-254-10W-K	254 nm wavelength UV cartridge	-
	LAMP-254-10W-K	254 nm wavelength UV lamp	About 9000 hours

Series	Item No.	Description	Service Lifetime / Function
ECO Series consumables			
	PC-M-PP	5 µm PP spun fiber cartridge	About 2-6 months
	PC-M-KDF	Kinetic degradation fluxion cartridge	About 12 months
	PC-M-AC-G	Granular activated carbon cartridge	About 6 months
	RO-100GPD	100 GPD RO membrane	About 12-24 months
	RO-200GPD	200 GPD RO membrane	About 12-24 months
	PTC-AC-HZB1	Low organic carbon cartridge	About 9000 liters pure water
	PTC-MBR-M	Mixed bed resin cartridge	About 1000 liters pure water/ pc
	PTC-MBR-M4	Mixed bed resin cartridge (4 pcs bundle)	About 4000 liters pure water/ set
	PTC-UPPR-M	Ultrapure polishing resin cartridge	About 1000 liters pure water/ pc
	PTC-UPPR-M4	Ultrapure polishing resin cartridge (4 pcs bundle)	About 4000 liters pure water/ set
	TF-(0.45+0.1)µm-S	0.45+0.1 µm terminal filter	-
	UF-5000D	MWCO 5000D UF cartridge	-
	UV-(185nm&254nm)-10W-M	185 & 254 nm Double wavelength UV cartridge	-
	LAMP-(185nm&254nm)-10W-M	185 & 254 nm Double wavelength UV lamp	About 9000 hours
	UV-254-10W-M	254 nm wavelength UV cartridge	-
	LAMP-254-10W-M	254 nm wavelength UV lamp	About 9000 hours
Master Series consumables			
	PC-M-PP	5 µm PP spun fiber cartridge	About 2-6 months
	PC-M-KDF	Kinetic degradation fluxion cartridge	About 12 months
	PC-M-AC-G	Granular activated carbon cartridge	About 6 months
	RO-100GPD	100 GPD RO membrane	About 12-24 months
	RO-200GPD	200 GPD RO membrane	About 12-24 months
	PTC-AC-HZB1	Low organic carbon cartridge	About 9000 liters pure water
	PTC-MBR-M	Mixed bed resin cartridge	About 1000 liters pure water/ pc
	PTC-MBR-M4	Mixed bed resin cartridge (4 pcs bundle)	About 4000 liters pure water/ set
	PTC-UPPR-M	Ultrapure polishing resin cartridge	About 1000 liters pure water/ pc
	PTC-UPPR-M4	Ultrapure polishing resin cartridge (4 pcs bundle)	About 4000 liters pure water/ set
	TF-(0.45+0.1)µm-S	0.45+0.1 µm terminal filter	-
	UF-5000D	MWCO 5000D UF cartridge	-
	UV-(185nm&254nm)-10W-M	185 & 254 nm Double wavelength UV cartridge	-
	LAMP-(185nm&254nm)-10W-M	185 & 254 nm Double wavelength UV lamp	About 9000 hours
	UV-254-10W-M	254 nm wavelength UV cartridge	-
	LAMP-254-10W-M	254 nm wavelength UV lamp	About 9000 hours

Series	Item No.	Description	Service Lifetime / Function
Dura series consumables			
	D-PP	PP Pretreatment cartridge	3-6 months
	D-PP1	PP Pretreatment cartridge (transparent)	3-6 months
	D-AK	Activated carbon & KDF cartridge	12 months
	D-AC1	Granular activated carbon cartridge	4-6 months
	D-AC2	Activated carbon block cartridge	4-6 months
	D-RO-50	50 GPD reverse osmosis membrane	12-24 months
	D-RO-75	75 GPD reverse osmosis membrane	12-24 months
	D-RO-100	100 GPD reverse osmosis membrane	12-24 months
	D-RO-125	125 GPD reverse osmosis membrane	12-24 months
	D-RO-150	150 GPD reverse osmosis membrane	12-24 months
	D-RO-200	200 GPD reverse osmosis membrane	12-24 months
	D-AC-P	Post activated carbon filter	9000 liters pure water
	D-Decart-P	Mixed bed resin cartridge	1000 liters pure water
	D-Pocart	Ultrapure polishing resin cartridge	4500 liters pure water
	D-Pocart4	Ultrapure polishing resin cartridge	5000 liters pure water
	D-Decart	Mixed bed resin cartridge	5000 liters pure water
	D-Uvcart	185 & 254 nm Double wavelength UV cartridge	-
	D-Uvlamp	185 & 254 nm Double wavelength UV lamp	9000 hours
	D-Ufcart	Eliminating endotoxin ultra filtration cartridge	-
	D-Tefit	0.45+0.1 µm terminal filter	-
Dura Pro series consumables			
	D-PP1	PP Pretreatment cartridge (transparent)	3-6 months
	D-AK	Activated carbon & KDF cartridge	12 months
	D-AC2	Activated carbon block cartridge	4-6 months
	D-RO-50	50 GPD reverse osmosis membrane	12-24 months
	D-RO-100	100 GPD reverse osmosis membrane	12-24 months
	D-RO-150	150 GPD reverse osmosis membrane	12-24 months
	D-RO-200	200 GPD reverse osmosis membrane	12-24 months

Series	Item No.	Description	Service Lifetime / Function
	D-Pocart4	Ultrapure polishing resin cartridge	5000 liters pure water
	D-Decart	Mixed bed resin cartridge	5000 liters pure water
	D-Uvcart-14W	14W (254 & 185 nm) double wavelength UV cartridge	-
	D-Uvlamp-14W	14W (254 & 185 nm) double wavelength UV lamp	9000 hours
	D-Ufcart	Eliminating endotoxin ultra filtration cartridge	-
	D-Tefit	0.45+0.1 µm terminal filter	-
Super series consumables			
	D-PP1	PP Pretreatment cartridge (transparent)	3-6 months
	D-AK	Activated carbon & KDF cartridge	12 months
	D-AC2	Activated carbon block cartridge	4-6 months
	D-RO-100	100 GPD reverse osmosis membrane	12-24 months
	D-RO-200	200 GPD reverse osmosis membrane	12-24 months
	PTC-SF	Water softener cartridge	About 2-6 months
	PTC-EDI10-IP	EDI module	-
	D-Pocart4	Ultrapure polishing resin cartridge	5000 liters pure water
	D-Uvcart-14W	14W (254 & 185 nm) double wavelength UV cartridge	-
	D-Uvlamp-14W	14W (254 & 185 nm) double wavelength UV lamp	9000 hours
	D-Ufcart	Eliminating endotoxin ultra filtration cartridge	-
	D-Tefit	0.45+0.1 µm terminal filter	-
Edi series consumables			
	PC-M-PP	5 µm PP spun fiber cartridge	About 2-6 months
	PC-M-KDF	Kinetic degradation fluxion cartridge	About 12 months
	PC-M-AC-G	Granular activated carbon cartridge	About 6 months
	RO-150GPD	150 GPD RO membrane	About 12-24 months
	PTC-SF	Water softener cartridge	About 2-6 months
	PTC-EDI10-IP	EDI module	About 1-3 years
	PTC-AC-HZB1	Low organic carbon cartridge	About 9000 liters pure water
	PTC-UPPR-M	Ultrapure polishing resin cartridge	About 1000 liters pure water/ pc
	PTC-UPPR-M4	Ultrapure polishing resin cartridge (4 pcs bundle)	About 4000 liters pure water/ set
	TF-(0.45+0.1)um-S	0.45+0.1 µm terminal filter	-

Series	Item No.	Description	Service Lifetime / Function
	UF-5000D	MWCO 5000D UF cartridge	-
	UV-(185nm&254nm)-10W-M	185 & 254 nm Double wavelength UV cartridge	-
	LAMP-(185nm&254nm)-10W-M	185 & 254 nm Double wavelength UV lamp	About 9000 hours
	UV-254-10W-M	254 nm wavelength UV cartridge	-
	LAMP-254-10W-M	254 nm wavelength UV lamp	About 9000 hours
Medium series (Biochemical analyzer supporting RO DI series)			
	PC-20PP	20" spun fiber cartridge	About 2-3 months
	PC-20AC-G	20" granular activated carbon cartridge	About 2-6 months
	PC-20AC-B	20" activated carbon block cartridge	About 2-6 months
	RO-150GPD	150 GPD RO membrane	About 12-24 months
	RO-200GPD	200 GPD RO membrane	About 12-24 months
	RO-300GPD	300 GPD RO membrane	About 12-24 months*
	RO-400GPD	400 GPD RO membrane	About 12-24 months*
	RO-500GPD	500 GPD RO membrane	About 12-24 months*
	RO-600GPD	600 GPD RO membrane	About 12-24 months*
	PTC-AC-HZB1	Low organic carbon cartridge	About 9000 liters pure water
	PTC-MBR-12L	12L mixed bed resin cartridge	About 20000 liters pure water
	PTC-UPPR-12L	12L ultrapure polishing resin cartridge	About 20000 liters pure water
	PTC-UPPR-M	Ultrapure polishing resin cartridge	-
	PTC-MBR-25L	25L mixed bed resin cartridge	Including: 25L precise resin, lifetime: about 40000L
	PTC-UPPR-25L	25L ultrapure polishing resin cartridge	Including: 25L polishing resin, lifetime: about 40000L
	TF-0.2um-B	0.2 µm terminal filter	-
	UF-5000D	MWCO 5000D UF cartridge	-
	UV-(185nm&254nm)-10W-M	185 & 254 nm Double wavelength UV cartridge	-
	LAMP-(185nm&254nm)-10W-M	185 & 254 nm Double wavelength UV lamp	About 9000 hours

Series	Item No.	Description	Service Lifetime / Function
Center series consumables			
	C-PP	Pretreatment cartridge	2-6 months
	C-AK	Activated carbon & KDF cartridge	6 months
	C-AC1	Granular activated carbon cartridge	4-6 months
	C-AC2	Activated carbon block cartridge	2-6 months
	C-RO-200	200 GPD RO membrane	12-24 months
	C-RO-300	300 GPD RO membrane	12-24 months
	C-RO-400	400 GPD RO membrane	12-24 months
	C-RO-500	500 GPD RO membrane	12-24 months
	C-RO-600	600 GPD RO membrane	12-24 months
	C-SF	Water softener cartridge	2-6 months
	C-EDI-HX50	EDI module	--
	C-EDI-HX100	EDI module	--
	C-Decart	Mixed bed resin cartridge	23000 liters pure water
	C-Decart1	20L mixed bed resin cartridge	35000 liters pure water
	C-Pocart1	Ultrapure polishing resin cartridge	23000 liters pure water
	C-Pocart2	Ultrapure polishing resin cartridge	1000 liters pure water
	C-Pocart3	20L ultrapure polishing resin cartridge	35000 liters pure water
	C-Pocart4	Terminal ultrapure polishing resin cartridge	5000 liters pure water
	C-Uvcart	185 & 254 nm Double wavelength UV cartridge	-
	C-Uvlamp	185 & 254 nm Double wavelength UV lamp	9000 hours
	C-Uvcart-14W	14W (254 & 185 nm) double wavelength UV cartridge	--
	C-Uvlamp-14W	14W (254 & 185 nm) double wavelength UV lamp	9000 hours
	C-Ufcart	Eliminating endotoxin ultra filtration cartridge	--
	C-Tefit	0.2 µm terminal filter	--

Series	Item No.	Description	Service Lifetime / Function
Accessories			
Additional source water pretreatment filter module			
	PF-10D/PP+RS	10" double-stage filter (with PP and RS cartridge)	Pre-filter with 10" PP and 10" RS cartridges
	PF-10S	10" single-stage filter (without cartridge)	Optioal PP, RS, AC or KDF cartridge
	PF-10D	10" double-stage filter (without cartridge)	Optioal PP, RS, AC or KDF cartridge
	PF-10T	10" triple-stage filter (without cartridge)	Optioal PP, RS, AC or KDF cartridge
	PF-20S	20" single-stage filter (without cartridge)	Optioal PP, RS, AC or KDF cartridge
	PF-20D	20" double-stage filter (without cartridge)	Optioal PP, RS, AC or KDF cartridge
	PF-20T	20" triple-stage filter (without cartridge)	Optioal PP, RS, AC or KDF cartridge
	PC-10PP	10" PP cartridge	Eliminate the rust, sediment, colloid, suspended solids
	PC-10AC-G	10" AC cartridge	Eliminate soluble organic matter, residual chlorine
	PC-10RS	10" soft water cartridge	Eliminate Ca+, Mg+ ion, reduce the index of water hardness
	PC-10KDF	10" Kinetic degradation fluxion cartridge	Eliminate soluble organic matter, residual chlorine, heavy metals, and prevent water scaling, inhibit microorganism growth, soften hard water
	PC-20PP	20" PP cartridge	Eliminate the rust, sediment, colloid, suspended solids
	PC-20AC-G	20" AC cartridge	Eliminate soluble organic matter, residual chlorine
	PC-20RS	20" soft water cartridge	Eliminate Ca+, Mg+ ion, reduce the index of water hardness
	PC-20KDF	20" Kinetic degradation fluxion cartridge	Eliminate soluble organic matter, residual chlorine, heavy metals, and prevent water scaling, inhibit microorganism growth, soften hard water
	HT-QZ-FF06E	Stainless steel flush filter	Eliminate the particles, sediment, colloid, suspended solids and can be used for the pretreatment of the groundwater, water of well and rivers

Series	Item No.	Description	Service Lifetime / Function
Large capacity resin cartridge			
	PTC-MBR-10S	10" mixed bed resin cartridge	Including: 10" filter + 10" mixed bed resin cartridge (0.55L resin)
	PTC-MBR-7.7L	7.7L mixed bed resin cartridge	Including: 7.7L precise resin, lifetime: about 16000 liters pure water
	PTC-MBR-12L	12L mixed bed resin cartridge	Including: 12L precise resin, lifetime: about 20000 liters pure water
	PTC-UPPR-12L	12L ultrapure polishing resin cartridge	Including: 12L polishing resin, lifetime: about 20000 liters pure water
	PTC-MBR-25L	25L mixed bed resin cartridge	Including: 25L precise resin, lifetime: about 40000 liters pure water
	PTC-UPPR-25L	25L ultrapure polishing resin cartridge	Including: 25L polishing resin, lifetime: about 40000 liters pure water
Terminal filter			
	TF-0.2um-B	0.2 µm terminal filter	PES membrane, pore size: 0.2µm
	TF-(0.45+0.1)um-S	0.45+0.1 µm terminal filter	PES membrane, pore size: (0.45+0.1)µm
	TF-0.2um-LB	0.2 µm terminal filter	Large flux, 50Kpa differential pressure, flow rate up to 250L/min, PES membrane, pore size: 0.2µm
Sanitizing tablets			
	Sanitizing tablets	Sanitizing tablets	20 efferverscent tablets each bottle
Pure water tank			
	TANK-P-10L	10L plastic pressure tank	Capacity: 10 liters
	TANK-P-15L	15L plastic pressure tank	Capacity: 15 liters
	TANK-P-40L	40L steel pressure tank	Capacity: 40 liters
	TANK-P-75L	75L steel pressure tank	Capacity: 75 liters
	TANK-P-100L	100L steel pressure tank	Capacity: 100 liters

Series	Item No.	Description	Service Lifetime / Function
	SCWT-Kit	Independent Liquid Level Control Kit	Independent running, fitting most of our unpressurized water tanks
	TANK-LLS-10L-JP	10L Premium PE tank with independent liquid level control kit (SCWT-Kit)	Material: Japan PE, capacity: 10L, independent liquid level control
	TANK-LLS-10L-JP	20L Premium PE tank with independent liquid level control kit (SCWT-Kit)	Material: Japan PE, capacity: 20L, independent liquid level control
	TANK-LLS-50L	50L PE tank with independent liquid level control kit	Material: PE, capacity: 50L, 2 point liquid level control, bottom water faucet
	TANK-LLS-100L	100L PE tank with liquid level control	Material: PE, capacity: 100L, 2 point liquid level control
	TANK-LLS-200L	200L PE tank with liquid level control	Material: PE, capacity: 200L, 2 point liquid level control
Ultrapure water tank			
	TANK-UPW-50L	Ultrapure water tank	Capacity:50L (Including: Air filter)
	AIR FILTER-B2008	Air filter	Absorb CO2 and organics, and eliminate bacteria and particles
	AIR FILTER-H10	Air filter	Absorb CO2 and organics, and eliminate bacteria and particles
	UV-254-10W-Immerse	254 nm Immersing UV lamp	Restrain bacteria's increase and reduce TOC
Automatic reborn water softener			
	HT-Autosoftener-817	Automatic reborn water softener	Suit for bench top/ table type
	HT-Autosoftener-835	Automatic reborn water softener	Suit for floor-stand type

Series	Item No.	Description	Service Lifetime / Function
Long-distance water dispenser			
	DG-PTFE	PTFE water dispenser	Including: PFA extension tube, diameter: 1/4", length: 3M
	DG-PP	PP water dispenser	Including: PP extension tube, diameter: 1/4", length: 3M
Portable on-line resistivity monitor; TDS conductivity test pen			
	ORM-P	Portable on-line resistivity monitor	Dry cell & AC100-240V design
	TDS pen-1	TDS/ conductivity test pen	Dry cell design, built-in 2pcs of butoon cell, range: 0-1999ppm
Inlet / outlet pressure valve			
	PA-IN	Inlet pressure valve	Including: pressure regulator, connector and tube
	PA-OUT	Outlet pressure valve	Including: pressure regulator, connector and tube
Leakage protection system			
	LKA-FLQF-220V	Leakage protection system	Including: main valve body, transformer and leakage sensor
